Bluetooth + DECT = Greater Range. Greater Density. Greater Security.

In the world of modern business, every link & connection counts.

In designing the WH64 Hybrid, Yealink's focus was on enhancing wireless communication by elevating Bluetooth with the superior capabilities of DECT technology. While traditional Bluetooth headsets are prized for their portability and ease of use, integrating DECT into the WH64 brings several key benefits:

High Level
Security

High deployment
density

150m connection
distance

3-Mic

TOP Noise Cancellation Capability in the Industry.

WH64 Hybrid is setting new standards with an innovative 3-Mic Noise Cancellation Solution, backed by Acoustic Shield Technology 2.0*. Pioneering exceptional audio performance, every detail is crafted for unparalleled clarity and immersion.

From Office

From Home

On-the-go

Maximum Comfort. Minimum Pressure.

Wearing comfort is critical in every aspect.

Experience incredible comfort with our ergonomic earcup design, crafted from soft materials for improved heat dissipation. Lighter weight ensures enhanced comfort for prolonged use, contributing to better productivity at work.

Lightweight Design

Ergonomic Design

Ultra-soft Material

All-day Battery Life.

Get up to 48 hours of listening time and 32 hours of talk time on a full charge that only takes 1,5 hours (5 V/1.2 A).

32Hours
of talk time

195Hours
Ultra-long Standby
